Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the closest prior art, Borchard (US # 4,862,978) shows a clam-shell top for a weighing scale platform (Figures 3 & 4) similar to the scale cover claimed, but Borchard's intermediate hinge 70 (which lies between rotating hood 30 & relatively stationary part 50), consists of only one elongated hinge pin that extends the length of the hinge instead of two separate pins (13a, 13b in applicant's specification) that are on separate sides of the hood; there seems to be no motive in the art of record to modify the intermediate hinge of Borchard to consist of two separate pins – one on each side.

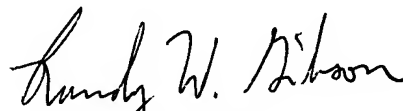

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Randy W. Gibson whose telephone number is (571) 272-2103. The examiner can normally be reached on Mon-Fri., 9-5.
